

# Request to recruit research participants

This application form is for researchers seeking to recruit study participants for a project that has received ethics approval from a Research Ethics Committee. We also strongly encourage researchers to recruit with Join Us, a national non-profit research register connecting people with health research opportunities. Visit: [joinus.org.au](http://joinus.org.au)

If you are looking to partner with people with lived experience through co-design or joining your research team, please use our form '[Request for lived-experience partners](#)'. Research teams are encouraged to complete our co-designed e-learning module on [working effectively with people with lived-experience](#). Have members of the research team completed this e-module? Yes  No

1. Project title:

2. Short title for ad listing:  
(recommended <10 words)

3. Chief Investigator details

Full name:

Job title and place of  
work/study:

Phone:

Email:

4. Administering institution:

5. Ethics approval and participant  
information sheet(s)

Yes – I have attached copies

6. If applicable, enter the funding  
body details:

7. What is the project about?  
What are the aims?

*Tips: Use plain English and language suitable for people with lived experience, e.g. what you would use on a flyer or social media. Include any links to your project.*

8. What are the participant  
eligibility criteria?

<b>9. What are the activities involved for participants?</b>	
--	--

<b>10. What commitment is involved?</b> <i>Enter the anticipated timeframe, the frequency and length of activities involved.</i>	
---	--
